PREVENTION MEASURES

For safety reasons, our detection devices are highly sensitive and can be triggered by smoke, excessive steam or even aerosols. Close bathroom doors when showering. Never leave cooking unattended and always ventilate the area with the cooker hood and open windows. Smoking, vaping, naked or covered flames and deep fat frying are not permitted.

GENERAL SAFETY TIPS

- Doors should never be propped open (including fire doors).
- Keys should always be carried about the person to keep them safe. Keys should never be given to anyone else.
- Encourage awareness of strangers on the premises. If they are not sure who someone is they should ask them or alert the staff.
- Doors should always be locked when going out and should be kept closed at all times even if just nipping to the kitchen/bathroom.
- If residents see anything suspicious they should report it to staff as soon as possible.
- If the room is at ground level or easily accessible from the ground, remind your son/daughter to shut the window before they go out. Windows will only tilt outwards and should not open fully.

FIRE SAFETY

NEED TO KNOW INFORMATION

IDENTIFY THE FIRE ASSEMBLY POINT

(these are displayed in the flat)

IF A FIRE IS DISCOVERED
DO NOT USE FIRE
EXTINGUISHERS/BLANKETS.

Your son/daughter should close all doors behind them, break the glass on their nearest call point and evacuate the building.

IT'S A CRIMINAL OFFENCE TO TAMPER WITH FIRE EQUIPMENT AND STUDENTS WILL BE FINED FOR MISUSE, AS WELL AS BEING CHARGED FOR REPLACING EQUIPMENT. DO NOT REMOVE THE TAGS FROM THE FIRE EXTINGUISHERS AND DETECTORS MUST NOT BE COVERED UNDER ANY CIRCUMSTANCE.

FIRE DOORS SHOULD REMAIN CLOSED AT ALL TIMES AND SHOULD NOT BE WEDGED OPEN, DOING SO WILL POSE A SERIOUS SECURITY AND FIRE RISK.

SHOULD ANYONE BECOME AWARE OF A FIRE OR A HAZARD THAT COULD DEVELOP INTO A FIRE THEY SHOULD CONTACT RECEPTION IMMEDIATELY.

FIRE ALARM TEST

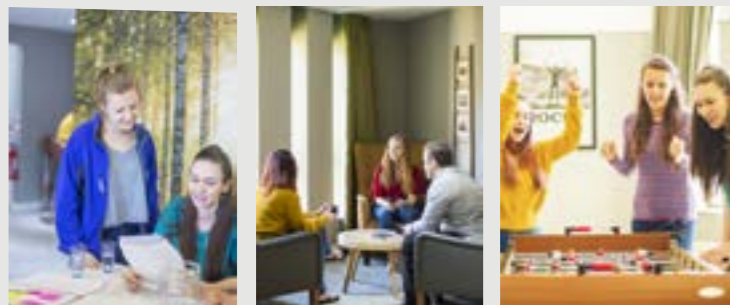

EVERY THURSDAY

If alarm sounds for longer than 60 seconds, residents should proceed to their assembly point

**VIEW SHORT TERM

IN NOTTINGHAM**

OUR MESSAGE TO YOU

We know how important the residential experience is to your son/daughter's time at university and we are working with the University to ensure the accommodation is ready to occupy in September.

Our teams are following the latest Government guidance and your son/daughter should observe social distancing protocols to protect themselves and others.

We have enhanced our cleaning practices in all communal areas and we will communicate this upon arrival about what this means for your son/daughter.

Whilst the academic year 2020/21 will be a different experience, we are doing our best to make it as great as possible, and one where students continue to thrive.

There will be extra health and wellbeing guidance/expectations and it is all of our responsibility to understand and follow these.

If any resident develops COVID-19 symptoms, we will ensure the student and their household are supported and have access to the latest Government advice.
